Attachment A

Outline for the Teaching Proposal

The following is an outline for organizing the teaching proposal. All items noted should be included. The faculty teaching supervisior and the teaching fellow should work together to write the proposal.

- I. Brief description of engineering course, including both a general description of the course content and the meeting times. Please enclose a syllabus.
- II. Description of the roles and responsibilties of the teaching fellow and the faculty teaching supervisior.
 - A. Teaching fellow's job responsibilities, duties, and tasks to include:
 - 1. An estimate of the number of hours per week the fellow will be required to work
 - 2. The weekly responsibilities of the teaching fellow
 - 3. The goals the teaching fellow will meet by the end of the semester
 - 4. How the fellow will meet those goals
 - B. Faculty teaching supervisors responsibility to include:
 - 1. How frequently the teaching fellow will meet with the faculty supervisor
 - 2. How the fellow's work will be evaluated
 - 3. The role the faculty will play in mentoring the fellow during the semester
